

# Craft Instructions for Cardboard Hexiamonds

---

## *Preliminary*

---

be needed:

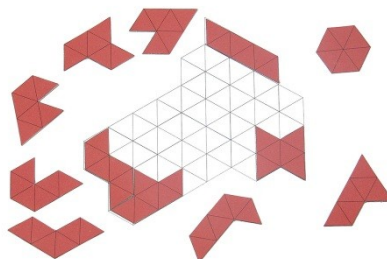

1. A pair of scissors
2. A glue stick
3. A piece of cardboard

4. Paper templates for the hexiamonds

To 4: There are paper templates available for download in different colors on the download page of [www.pentoma.de/en/](http://www.pentoma.de/en/). Hexiamonds are used on both sides when playing. Each template therefore consists of 2 sets of hexiamonds, one for the front and one for the back.

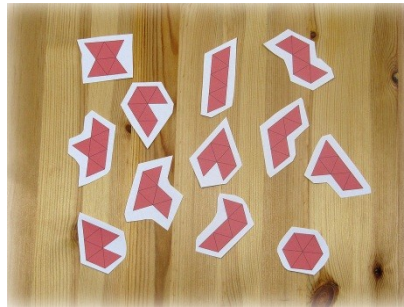

You can also download this craft manual and many figures that can be laid out with the handcrafted hexiamonds from [www.pentoma.de/en/](http://www.pentoma.de/en/).

## Procedure

---

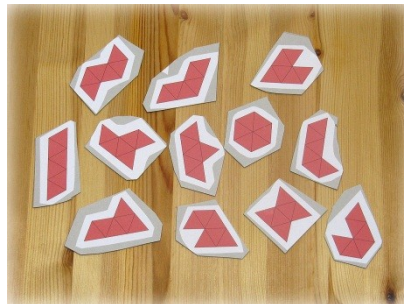

1. Cut out one set of printed paper hexiamonds. A 1 to 2 centimetre wide margin can be left standing.

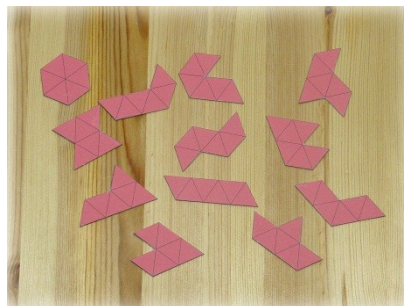

2. The 12 paper hexiamonds are glued onto the cardboard.

3. The glued hexiamonds are cut out, again with margin.

4. Next, the hexiamonds are cut out exactly.

5. Finally, the paper hexiamonds of the 2nd template sheet are cut out exactly and glued to the back of the cardboard hexiamonds.
